

U1A1 Q - - Ume's

Achievement Category/Skill/Practice | Level 4 (90-100%) | Level 3 (70-79%) | Level 2 (60-69%) | Level 1 (50-59%) | Below Level 1

Communication

User Interface:

| | | | | | |
|-------------|---|--|--|---|--|
| Readability | <div> <div>Excellent</div> <div>high</div> </div> | <div> <div>Good</div> <div>terrible</div> </div> | <div> <div>Fair</div> <div>some</div> </div> | <div> <div>Poor/uncertain</div> <div>limited</div> </div> | <div> <div>Incomplete</div> <div>Incomplete</div> </div> |
|-------------|---|--|--|---|--|

Application

Use of programming structures:

| | | | | | |
|-----------|-----------------------------------|------------------------------|------------------------------|------------------------------|------------------------------------|
| Debugging | <div> <div>Effective</div> </div> | <div> <div>Good</div> </div> | <div> <div>Fair</div> </div> | <div> <div>Poor</div> </div> | <div> <div>Incomplete</div> </div> |
|-----------|-----------------------------------|------------------------------|------------------------------|------------------------------|------------------------------------|

| | | | | | |
|----------------------|-----------------------------------|------------------------------|------------------------------|------------------------------|------------------------------|
| Solution to Problem: | <div> <div>Excellent</div> </div> | <div> <div>Good</div> </div> | <div> <div>Fair</div> </div> | <div> <div>Poor</div> </div> | <div> <div>None</div> </div> |
|----------------------|-----------------------------------|------------------------------|------------------------------|------------------------------|------------------------------|

Thinking & Inquiry

| | | | | | |
|---------------------|-----------------------------------|------------------------------|------------------------------|------------------------------|--|
| Problem Definition: | <div> <div>Excellent</div> </div> | <div> <div>Good</div> </div> | <div> <div>Fair</div> </div> | <div> <div>Poor</div> </div> | |
|---------------------|-----------------------------------|------------------------------|------------------------------|------------------------------|--|

| | | | | | |
|--------------------|-----------------------------------|------------------------------|---|-------------------------------------|--|
| Coding Efficiency: | <div> <div>Excellent</div> </div> | <div> <div>Good</div> </div> | <div> <div>Pieced together</div> </div> | <div> <div>Poor design</div> </div> | |
|--------------------|-----------------------------------|------------------------------|---|-------------------------------------|--|

| | | | | | |
|--------------------------------|-----------------------------------|------------------------------|------------------------------|------------------------------|--|
| Appropriate use of Structures: | <div> <div>Excellent</div> </div> | <div> <div>Good</div> </div> | <div> <div>Fair</div> </div> | <div> <div>Poor</div> </div> | |
|--------------------------------|-----------------------------------|------------------------------|------------------------------|------------------------------|--|

Knowledge

| | | | | | |
|-------------------|--|------------------------------|--------------------------------------|--------------------------------------|--|
| Correct usage of: | <div> <div>Beyond current</div> </div> | <div> <div>Good</div> </div> | <div> <div>Considerable</div> </div> | <div> <div>Some or Fair</div> </div> | |
|-------------------|--|------------------------------|--------------------------------------|--------------------------------------|--|

Comments:

This mark does not include the flourants - see G. Elsm.
 - Block Comments missing - Author, Dates, Question etc. Marks taken
 as this question only. Your line does not = length of code you are
 underlining. No end capture.
